SHRUBBY CINQUEFOIL

Dasiphora floribunda

A wonderful, low growing shrub for a variety of sunny landscapes. A member of the rose family, its yellow rose-like blossoms will shine in the front or middle of a border garden. Drought tolerant once established, it's a great choice for slopes where it will provide erosion control.

Growing Information

Sunlight Full sun, part shade
Soil Type Sand/loam/clay, dry, moist, well-drained, acidic-alkaline
Height 1-3'
Flowering calendar June-September

Benefits for People
